

Wyandot County Economic Development Mission:

The Wyandot County Office of Economic Development (WCOED) has been established to support growth of existing local businesses, recruit new businesses in targeted industrial sectors, advance the community's economic competitiveness, and ultimately improve the overall quality of life in the Wyandot County Area.

Organizational Structure:

The organization is structured as a private / public partnership with support from the Board of Wyandot County Commissioners, Village of Carey, Wyandot Memorial hospital, and private sector businesses. The WCOED commits funding to OSU Extension to support a portion of the Community Economic Development Extension Educators time in Wyandot County. As a result of this funding commitment, OSU Extension provides leadership that serves as the Director for the Wyandot County Office of Economic Development.

Fee Structure:

The Wyandot County Office of Economic Development Inc operates as a 501(c)(6) non-profit business league with the mission of improving the economic viability in the Wyandot County area. Dues and other payments to the organization are tax deductible to businesses as "ordinary and necessary business expense". A WCOED Board Membership with voting rights is \$1000.00 annually and general membership fees would include any donation under \$1000.00.
