**WYANDOT COUNTY**  
**LOCAL GOVERNMENT**  
**LEADERSHIP**  
**ACADEMY**

**Emerging Leaders  
start here.**

The Leadership Academy has been offered for over 10 years and is currently available locally. The Academy prepares individuals to effectively serve their communities by instructing participants about the issues, requirements and expectations associated with public service.

This 10-week course is taught by a highly experienced faculty comprised of current office-holders, instructors from local institutions of higher education, and others, all with a proven track record of working or interacting with government entities.

Whether you currently hold a public office, are a private citizen considering running for public office, are an individual serving on a board, committee or commission, or are employed in a position that requires interaction with elected officials - you will get plenty of expert insight and guidance from the Leadership Academy.

**How the Local Government Leadership Academy helped me!**

"I work for an elected official. The things I gained help me to advise him on various aspects of communication, community resources, and governmental issues."  
- County Executive Assistant

"I have been able to better understand other community leaders, their viewpoints, positions and opinions."  
- City Councilman

"I learned a lot. I felt this course served me as a 'How To' manual for local government officials. I have recommended this program to many."  
- City Councilwoman

"Tremendously. I now better understand the aspiration of smaller communities because of it."  
- Appointed City Official

"It gave me a better understanding of the many areas of local government."  
- Township Trustee

"It has made me aware of the Ohio ethics rules."  
- Township Trustee

"It has enabled me to be more focused on my thoughts and goals and how to approach them."  
- Township Trustee
