Too many politics in law enforcement. Too many drugs.

Everyone expects you to live here forever. You're not give good options on what you want to do and how you want to do it. I think Wyandot doesn't offer options for everyone

Wyandot county is not diverse in an way, shape, or form. I want my children to grow up somewhere where they are not the only non-Caucasian kids in the school/town.

Not enough opportunities

No opportunities

because I don't think it have enough opportunities

I don't think there are a lot of oppotunities and experiences to get as a child and teen in Upper Sandusky.

it's a relatively good place to raise a family however most of its population is older and as such there aren't many options for the younger generations and you would have to take a job you may not necessarily like and wouldn't pay as well as what you want

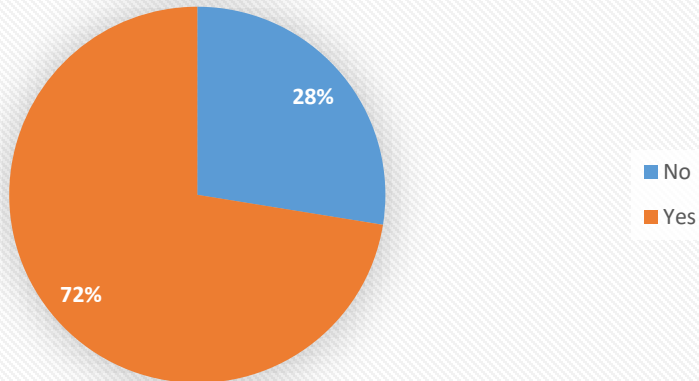

its too small. not enough opportunities, not enough diversity.

No. It's boring here and lacks opportunity.

Small town communities with limited job opportunities and limited ability to move up in the workforce
There are very small opportunities for teenagers to get a job in my opinion. I've applied to places who have not even called me this day. My friends have had similar experiences.

It is too small of a town to be able to explore many career options.
There are more jobs in bigger counties
Its small and the jobs here are either fast food, teacher, factory, or bank really or nursing and doctor.
its not big enough
For certain more advanced careers in technology or research/sciences there may not be an opportunity in Wyandot County. However, this would depend on the field and what the person wants to do.
There are not many job opportunities in Wyandot county that offer an income of over \$70,000 per year. The bigger cities have more jobs and jobs that pay good money.
There aren't many good businesses to work at if you want to be anything other than a factory worker or a fast food employee
There should be more oppurtunites
Because there are way fewer places to work here than other places
not enough opportunities, low salaries
There arent many options or variety, no way to move up
No.
I would recommend it to other people but for me it won't work.
There aren't nearly as many options of work as someone would find in a city. Plus, few of the options actually appeal to me.

How would you categorize the quality of life in Wyandot County?

What would you do to improve the quality of life in Wyandot County? What areas within our Community would you like to see improve?

Get rid of the bad sides of town

Have the Walmart in Upper start carrying chocolate milk.

Less drugs

none

Improve quality of law enforcement.

More opportunities and stuff to do

I would like to see more of a mindset that it is okay to develop our county and give more opportunities to the citizens. However, the reason many love living here is due to the small community feeling and the rural setting. That needs to be taken into consideration before over development occurs. I would also like to see more of a push for local businesses to prosper, rather than developing more corporate businesses.

Just me working in the county will have an affect in the life. I would try to help the community out and volunteer for certain things. The only thing that could maybe improve would be the roads in general and also the trash alongside the roads.

IDK

the stone quarry

More places to eat, more activities like bowling, movies, fun stuff. More places to work. Especially for minors.

Nothing

I would like to see more recreational areas in Wyandot County. Maybe some kind of bowling alley that is nice, and something Wyandot Country can be proud of.

More activities. Carey.

More green grass, and trees :)

I would like to see Wyandot county having more opportunities for teens and kids. To have more places for kids to go and hangout or do things, instead of kids running around town getting themselves into trouble.

I would like to see more jobs as there are limited opportunities now.
I would like to see the jobs of Wyandot County increase for more job opportunities.
More job opportunities for college graduates
Add more entertainment options
I would like to see more public places for teenagers and young adults to hang out. Maybe a bowling alley, movie theater, or arcade would be some good examples.
To have more areas for kids to hangout at and for them to enjoy Wyandot. To have more activites, just more things to do and be active. The areas would have to be uptown, to make it more enjoyable and maybe have more playful areas. Also, some of the buildings as well.
I believe Wyandot County is a good community that is growing and my only recommendation is to change with the people. Notice changes and adapt to those changes once a new generation comes and starts families in the future.
Attitudes from people. Police, teachers, etc
There is not much to do within Wyandot County so maybe invest in more recreational places.
Fixing infrastructure and updating schooling systems
Drug and Alcohol abuse
More opportunities
Less pizza shops, and more choices.
If they were more things to do
Improve some of the facilities and neighborhoods.
Keeping our rural traditions but also be willing to create new.
businesses
Introduce more businesses, make more opportunities for people available
I don't know. I just see way too many people who just look like slobs. Big/dirty
More variety in career choices, better attitudes.
Make the city larger with more options
Entertainment
Have a community center
im not sure
Public Transportation
Probably more public transportation
Make it bigger and add more varieties of jobs

Teenagers and kids have nothing to do in wyandot county forcing them to go out to places such as marion or tiffin for movies and malls and arcades to hang out putting them on dangerous highways that could cause them to wreck if distracted by friends. So Wyandot count needs to have more local entertainment for them and young adults.
more locations for teens to hangout.
have more stuff to do
give more opportunities to students
track cors
More things to do
nevada oh
I would probably branch out more in the things Wyandot offers. When thinking of something to do with others, the most common thought is to leave town, and go somewhere else. We should make the goal to become the area that people go to when they leave town. Have people leave to come here. Have people in town stay in town because it offers everything they want. Our community, however? Great. Our community is very strong, at least in my own opinion.
more things to do
I would like Wyandot County to be more environmentally friendly. We need more recycling cans and trash cans because there is a lot of trash alongside roads.
have more jobs
Downtown residential living
More job opportunities that are require a college degree and are high paying.
Their is not anything that I would really improve in Wyandot County. It is fine just as it is.
In my community there is really nothing i think that needs to be changed.
There needs to be more entertainment for the younger generation. There needs to be more inclusivity for diverse people. There needs to be a wider range of jobs than just fast food or factory jobs that may not pay all that well
Places for teenagers
The activities to do
more computer based programs
More things to do, our town is pretty boring. Seems to be more set up for older people.
offer more job opportunities for a wider variety of careers
More help to families that are struggling
Add more activity places for people to do instead of gas stations, banks, and fast food.
Nothing

It would be nicer to have more places to hang out, other than the parks.
