

Wyandot County Retail

Being a rural area, the retail space within Wyandot County includes a mix of multiple local, family-owned businesses as well as retail chains. The downtown shopping districts of Upper Sandusky, Carey, Sycamore, and other local municipalities have many buildings dating from the mid-19th century with their original facades and tin ceilings. Many of the small family-owned stores have been in operation for 2-3 generations and provide customers with a unique shopping experience. Wyandot County provides residents the ability to shop at both these smaller operations and national chain operations.

Wyandot County falls within a 30-minute drive of numerous surrounding cities that together offer local residents a multitude of retail and specialty stores to choose from. Shopping in the major metropolitan areas of Columbus and Toledo is also available within a 60-minute drive time.
